Product Description

16x31x10 Regular Style Metal Carport

The 16x31x10 Regular Style Metal Carport provides dependable covered storage for vehicles, equipment, and outdoor belongings. Designed for residential and commercial applications, this steel carport offers a practical solution for protecting valuable assets from the elements while maintaining easy accessibility. Its extended 31-foot length makes it especially useful for larger vehicles, trailers, and equipment that require additional covered space.

Best For

- Vehicle protection and covered parking
- Truck and SUV storage
- Trailer storage
- Boat storage
- Equipment and machinery coverage
- Residential outdoor storage
- Commercial property applications

What Fits Inside

With 16 feet of width and 31 feet of length, this carport offers versatile covered storage options.

Potential uses include:

- Passenger vehicles
- Pickup trucks and SUVs
- Utility trailers
- Small boats on trailers
- Lawn and landscaping equipment
- Recreational vehicles and outdoor equipment
- General-purpose covered storage

The longer layout provides additional flexibility for storing longer vehicles or creating organized storage space beneath the structure.

Build Quality & Materials

Constructed with durable steel components, this regular style carport is designed to provide reliable overhead protection for a variety of applications.

Key construction features include:

- 26-gauge steel roofing panels
- 14-gauge steel framing
- Optional framing upgrades available
- Wind load rating of 150-170 MPH
- Regular roof design
- Engineering plans available

The steel roofing helps shield vehicles and equipment from weather exposure, while the steel frame provides structural support for everyday use.

Customization Options

This [metal carport](#) can be configured to meet a range of storage and property requirements.

Available options include:

- Custom size adjustments
- Custom layout configurations
- Framing upgrades
- Engineering plans
- More than 15 color choices
- Permit service assistance

Handi-House also offers a convenient [3D Builder](#) that allows customers to explore available design and customization options.

Delivery & Installation

Handi-House simplifies the purchasing process by offering:

- Factory-direct pricing
- Free delivery
- Free installation

Delivery and installation availability may vary by location. [Contact Handi-House](#) for service area details and site preparation requirements.

Decision Guidance

The 16x31x10 Regular Style Metal Carport is a practical choice for property owners who need extended covered space without the cost of a fully enclosed structure.

This size may be a good fit if you need:

- Coverage for a vehicle and trailer combination
- Storage for longer equipment or recreational vehicles
- A versatile shelter for residential or commercial use

If you require additional width for multiple vehicles or enclosed storage for added security, consider exploring larger carports or [enclosed metal garage](#) options available from Handi-House.
