Product Description

12x41x12 Steel RV Carport - Regular Roof Metal Carport

The 12x41x12 Steel RV Carport is designed to provide extended covered storage for taller vehicles, recreational vehicles, trailers, and equipment. Featuring a regular roof design and durable steel construction, this metal carport offers a practical solution for residential and commercial properties that require long-span vehicle protection and flexible covered storage space.

Best For

- RV and motorhome coverage
- Travel trailer storage
- Camper protection
- Boat and trailer storage
- Utility trailer coverage
- Commercial vehicle parking
- Equipment and machinery storage
- Residential and commercial applications

What Fits Inside

With 12 feet of width, 41 feet of length, and 12 feet of height clearance, this carport is well-suited for accommodating longer and taller vehicles.

Potential uses include:

- Recreational vehicles (RVs)
- Travel trailers
- Campers
- Utility trailers
- Boats on trailers
- Work trucks and commercial vehicles
- Lawn and landscaping equipment

The extended 41-foot length provides substantial covered space for longer vehicles while still allowing room for equipment and accessory storage.

Build Quality & Materials

Built with durable steel components, this [steel RV carport](#) is designed to provide dependable overhead protection while maintaining a straightforward and economical structure.

Key construction features include:

- 26-gauge steel roofing panels
- 14-gauge steel framing
- Optional framing upgrades available
- Wind load rating of 150-170 MPH
- Regular roof style
- Engineering plans available

The steel roof helps shield vehicles and equipment from weather exposure, while the steel frame delivers structural support for everyday residential and commercial use.

Customization Options

Handi-House offers several customization options to help tailor the structure to your property and storage requirements.

Available options include:

- Custom size configurations
- Custom layout options
- Framing upgrades
- Engineering plans
- More than 15 color choices
- Permit service assistance

Customers can also use the [Handi-House 3D Builder](#) to explore available design and configuration options before ordering.

Delivery & Installation

Handi-House simplifies the buying process with:

- Factory-direct pricing
- Free delivery
- Free installation

Delivery and installation availability may vary by service area. [Contact Handi-House](#) for site requirements and scheduling information.

Decision Guidance

The 12x41x12 Steel RV Carport is an excellent option for property owners who need covered storage for taller and longer vehicles without investing in a fully enclosed structure.

This size may be appropriate if you need:

- Coverage for an RV or motorhome
- Storage for travel trailers and campers
- Protection for boats and utility trailers
- A long-span covered structure for commercial or residential use

If you need additional width for side access, multiple vehicles, or enclosed storage, you may want to explore larger carports or [enclosed metal garages](#) available through Handi-House.
