Product Description

18x31x9 Metal Carport with 26-Gauge Steel Roof | Handi House

Protect your vehicles, equipment, and outdoor belongings with this 18x31x9 metal carport from [Handi House](#). Designed for both residential and commercial applications, this prefabricated steel structure offers reliable covered storage while allowing customization to fit your property and storage needs. With factory-direct pricing, free delivery, and free installation, it's a practical solution for protecting valuable assets.

Best For

- Two-vehicle covered parking
- Pickup truck or SUV protection
- Boat or small trailer storage
- Lawn equipment and outdoor machinery storage
- Residential properties
- Commercial parking areas
- Farm or ranch equipment protection

What Fits Inside

With an 18-foot width and 31-foot length, this metal carport provides ample covered space for a variety of storage needs. It is well suited for:

- Two standard vehicles parked side by side
- Pickup trucks or SUVs
- Small utility trailers
- Boats on trailers (size dependent)
- Lawn tractors and outdoor equipment
- Additional shelving or organized storage along the sides

The 9-foot height offers extra clearance for taller vehicles and equipment while maintaining convenient everyday access.

Build Quality & Materials

Built with durability in mind, this [metal carport](#) features a 26-gauge steel roof supported by 14-gauge steel framing for dependable structural support. An upgraded frame option is also available for customers seeking a heavier-duty framing system.

The structure is engineered for 150–170 MPH wind load ratings, helping meet project requirements where applicable. Engineering plans are also available to assist with permitting and project planning.

Customization Options

Customize your metal carport to better match your property and storage requirements with available options including:

- Custom building sizes
- Custom layouts
- More than 15 color choices
- 14-gauge frame upgrade
- Engineering plans
- Easy-to-use 3D Building Designer

Handi House also offers a [Rent-to-Own program](#), making it easier to purchase a quality metal building with

affordable payment options. Contact your local Handi House dealer to learn about current Rent-to-Own availability and qualification details.

Delivery & Installation

Handi House makes the buying process simple by including:

- Free delivery
- Free professional installation
- Factory-direct pricing
- Permit service available

Customers can also use the [Handi House 3D Building Builder](#) to explore available customization options before placing an order.

Choosing the Right Size

An 18x31 metal carport is a great choice for homeowners or businesses needing generous covered parking without fully enclosing the structure. It works well for protecting two vehicles or combining vehicle parking with equipment storage.

If you anticipate storing multiple trailers, larger recreational vehicles, or creating a dedicated workspace, exploring a wider or longer building may provide additional flexibility.
